

I love K-love. I listen to it daily at work, in my car, and during my walks. When I have had a horribly bad day, I look forward to putting on my headset and walking my dogs in the woods, listening to K-Love. They always have a message that uplifts me, calms me, and helps me through the day. I don't know what I would do without them.

We need good, wholesome radio station alternatives and would lose them with LPFM. Our public needs to be able to tune into radio stations like K-Love
